

REAL WEDDING

Rachel & Jeremy | Hawksmoor House, Stellenbosch

For Rachel and Jeremy – both from the UK – Wedding Concepts designed a wedding with an old worldly countryside flair freshened up with vibrant splashes of modern day glamour.

No wonder then that the couple they immediately fell in love with Hawksmoor House, a rustic chic 5* guesthouse where the interiors mix antiques with modern touches. On the most beautiful day, the ceremony was held outside under two large oak trees with the Cape Dutch Manor House as a backdrop. Rachel walked down the aisle to the magical sound of an African Children's choir. The vibrant cocktail hour followed on the terrace with

a view across Table Mountain enhanced by simple, chic design elements, all carrying a South African note.

In the adjacent "Blue Barn" dinner was set-up around one beautifully decorated long table. Here, décor was kept to a striking combination mixing antiques with classic cut crystal glass and silverware. To add a vibrant, organic and youthful energy, the fresh apple green colour used in their invitations was pulled through to the menus, gift tags on the tables, as well as their cake. Stylish candelabra, modern white lamps suspended from the thatch roof and contemporary chaiselongue couches completed the picture. The day's menu

included an array of local delicatessen infused with Euro-Asian flavours – and guests made sure the night lasted as long as possible in an effort to capitalise on this once in a lifetime South African experience!
